Professional Summary

CISA- and CISM-certified cybersecurity leader with 15+ years across security operations, network security and consulting. Leads a 9-member, 24x7 SOC for a government customs programme with visibility across 800+ endpoints and log sources. Combines hands-on SIEM/XDR, incident response and VAPT expertise with team leadership, cyber risk reporting and control assurance. Regional project and training experience in Singapore and Malaysia; trained and mentored 2,000+ security professionals.

Core Expertise

SOC management | SIEM/XDR | Incident response | Threat hunting | Threat intelligence | Vulnerability assessment and penetration testing | Digital forensics | ISO 27001 | Cyber risk and GRC | Executive reporting | Stakeholder management | Team development

Professional Experience

SOC Manager - Government Project | Express Systems Limited

Aug 2025 - Present | Dhaka, Bangladesh

- Lead 24x7 SOC operations for the National Board of Revenue / Bangladesh Customs programme, covering monitoring, incident triage, response and SOC maturity improvement.
- Manage a 9-member SOC and coordinate incident handling and remediation with approximately 25 network personnel and 10+ management and stakeholder representatives.
- Onboarded 800+ endpoints and log sources into Stellar Cyber XDR/SIEM, spanning firewalls, routers, servers, applications and endpoint telemetry; tune correlation rules.
- Reduced the programme risk score from 75% to 25% through SIEM, WAF deployment and a continuous VAPT and remediation cycle.
- Support IT audit and control mapping to ISO 27001 and COBIT; report KPIs, risk trends, operational health and remediation status to management.

Cyber Security Specialist | Spider Digital

Feb 2024 - Aug 2025 | Dhaka, Bangladesh

- Delivered enterprise red teaming, vulnerability assessment and penetration testing; translated findings into remediation plans for technical and management stakeholders.

Associate Manager | Enterprise InfoSec Consultants

Oct 2022 - Mar 2023 | Dhaka, Bangladesh

- Supported information-security consulting, network security, capacity planning and technical security assessments.

Assistant Manager VPN and Security | Link3 Technologies Limited

Nov 2010 - Sep 2022 | Dhaka, Bangladesh

Earlier roles: Senior Support Engineer and Support Engineer

- Progressed from support engineering to management, leading enterprise VPN, firewall, routing and MPLS services and technical teams supporting enterprise customers.

Concurrent Leadership and Regional Engagements

Cyber Security Consultant | Pericom Imaging Group

Apr 2024 - Present | Singapore and Malaysia | Part-time contract

- Supported three cybersecurity projects with BRACNet and law-enforcement/public-sector stakeholders through advisory, assessment and implementation coordination.
- Delivered three cybersecurity training engagements in Singapore for Bangladeshi law-enforcement and public-sector participants, including a formal trainer appointment.

Mile2 Authorized Trainer and Country Lead | Blue Team Bangladesh Ltd.

Jan 2019 - Present | Bangladesh | Part-time

- Deliver certification training in ethical hacking, penetration testing, SOC operations, threat intelligence, incident response, digital forensics and governance.

Founder | CyberHELP Ltd.

May 2025 - Present | Bangladesh | Part-time

- Lead cybersecurity service and product strategy, including virtual CISO advisory and AI-assisted security products.
- Direct product development for CyberHELP CISO-as-a-Service, with self-assessment, risk scoring and consultation workflows, and SafeHuman AI for link, message, email and QR risk screening.

Earlier Career

2006 - 2010 | Network Engineer, GETCO Telecommunications; Faculty in MCSE and Linux Administration, ACME IT; part-time IT Instructor, 3 Sons Computer Education.

Selected Certifications

Governance and audit: Certified Information Systems Auditor (CISA), ISACA, 2026; Certified Information Security Manager (CISM), ISACA, 2026; C)ISSO; C)ISMS-LA/LI - ISO 27001 Lead Auditor and Lead Implementer.

Security specialisms: CM)IPS - Master Intrusion Prevention Specialist; CM)CTA - Master Cyber Threat Analyst; CM)CFI - Master Cyber Forensic Investigator; C)PTC - Penetration Testing Consultant; C)SWAE - Secure Web Application Engineer.

Management and training: ITIL Foundation; COBIT 5 Foundation; PRINCE2 Foundation; Mile2 Authorized Trainer; SOCRadar Certified AI Master in Cybersecurity.

Previously held: CEH; C)PTE; C)PEH; C)VA; C)CSA; Fortinet NSE4; CCNA; RHCE; RHCSA; Microsoft MCP.

Technology

Security operations: Stellar Cyber XDR/SIEM, Splunk, Wazuh, Sophos Endpoint, threat intelligence platforms, vulnerability assessment and forensics tools.

Network and infrastructure: Cisco, Palo Alto, Fortinet, MikroTik, VPN/MPLS, Active Directory, Linux, Windows Server, Hyper-V and Azure.

Education

B.Sc. in Computer Science and Engineering

University of Information Technology and Sciences (UITS), Dhaka
2006 - 2010 | CGPA 3.51
